Serial No. 1

Letter no 7644 Dt. 4.3.29 from the Chief Engineer forwards plans & estimates costing Rs 15680 for the construction of a building for the Kolar Dist Board office.

A sum of Rs 20000 has been provided in the current year's D.F. Budget out of which the cost has to be met. The Chief Engineer has stated that the building is proposed to be built in the Kolar Dist office compound and has raised the point if the land is to be granted free of cost. The Dy Com.r or Rev Com.r has perhaps to be consulted about this before Sanctioning the estimate.

Subject:- Construction of a building for the District Board Office at Kolar.

SIR,

I have the honor to forward herewith, for sanction, an estimate amounting to Rs.15,680/- for the above work, received from the President, District Board, Kolar District, with his letter No.D.C.353/27-28 dated the 10/24th January 1929 (copy enclosed). The design prepared by the District Board has been modified by the Consulting Architect and the estimate now sent is for the latter design, viz., hipped roof.

2. The building is proposed to be constructed in the compound of the District Office at Kolar. It is a point if the land may be given free of cost.

3. There is a provision of Rs.20,000/- for the work in the Budget Estimate of the Kolar District for the year 1928-29 under "B. Public Works to be executed by the Civil Department." This provision will have to be transferred to "A. Public Works - to be executed by the Public Works Department," if the work is to be executed by the P.W. Department.

I have the honour to be,

S i r,

Your most obedient servant,

John Bhore 2.3.29

Letter No.O.C.353/27-28 dated the 16/24th January 1929, from the President, District Board, Kolar, to the Chief Engineer of Mysore, Bangalore.

With reference to your letter No.3041 dated the 27th September 1928, in connection with the proposed building for a District Board Office in the Kolar District, I have the honour to forward herewith plans and estimates in duplicate for Rs.15,813/- signed by the Executive Engineer, Kolar Division. The Executive Engineer in his letter No.1159 dated the 12th October 1928 states that the rates provided are reasonable.

2. The District Board Office was located hitherto in the District Economic Office building which has now been used for the Special First Class Court as accommodation had to be found for the District Excise Office revived recently. For the present the District Board Office is located in the Rest House, Kolar. For the facility of getting references and transactions with the Treasury, it is desirable to have the office near other public offices. The Government have also conceded this view in their order No.L.203-204/L.B.209-27-13 dated 11th July 1928, sanctioning the budget for 1928-29.

3. Provision for a latrine is made in the enclosed estimate.

4. The Deputy Commissioner has promised to give any site near the District Office which the Government Architect considers best suited for the purpose and with this view he has promised writing to him for an early inspection and selection.

5. There is a provision of Rs.20,000/- in this office budget for the work. The plan of the Architect is also enclosed.

6. Pending receipt of the site plan I request you to be so good as to obtain the sanction of Government at an early date, as the Board desire to have the foundation stone of the building laid by the Dewan during his next visit to this District towards the end of February 1929.

Mr RA)

Letter No.24 dated the 7th May 1930, from the Superintending Engineer, Mysore Circle, to the Chief Engineer of Mysore, Bangalore.

Construction of the building for the District Board Office at Kolar.

With reference to your Memo No.12674 dated the 16th April 1930, I have the honor to inform you that in response to the Notification in the Mysore Gazette inviting tenders for the above work, only two tenders as detailed in the margin were received.

Name of contractor.	Tendered amount.
1. Mr.Rajappa.	Rs.13,612
2. Mr.C.Venkateshaiya.	Rs.14,228

Deducting the lump-sum provision for establishment and Tools and Plant charges, contingencies and Electric Installation, etc., the work portion of the estimate is Rs.15,256/-. In view of the District Board's repeated requests to start the work and to work out the year's grant, the Executive Engineer wanted orders by wire. As there were only two tenders and the Executive Engineer recommended the lower one which was for Rs.13,612/- approval to it was given by me by wire and confirmed. The action taken may be kindly approved and the estimate submitted with this office No.7075 dated the 12th December 1929, may be returned sanctioned early.

OFFICE OF THE PRESIDENT DISTRICT BOARD,
KOLAR DISTRICT.

Dated, (Camp,) Kolar, 31st May 1930

Dear sir,

I write to state that the Executive Engineer, Kolar Division informs me to-day that he has instructions from the Chief Engineer in Mysore not to proceed with the work of constructing the District Board Office Building, until orders of Government are received in regard to certain alterations in the plan of the building.

I beg to state that Government in their order No L.6644-8 L.B 140-28-2 dated 6-4-1929 sanctioned the construction of the District Board Office at an estimated cost of Rs 15,680, and were further pleased to bear ¼th cost of the building as per their orders in G.O.No.L.4989-91 L.B.140-28-7 dated 6th January 1930.

During the visit of His Highness the Maharaja of Mysore to Kolar in October last to lay the Foundation Stone of the building , the Dewan Sahib sugested certain alterations to the design of the roof, Viz.,to convert the gable roof to a terraced

...ring the estimate

one and the plan was accordingly modified but the alterations did not involve any extra cost over the estimated amount.

I also learn that the modified Estimate has been submitted to Government for sanction on 25-2-1930 by the Chief Engineer.

I further beg to state that the District Board is very much handicapped for want of a building of their own and are very anxious to see the completion of the building, which was ordered to be proceeded with. The Executive Engineer has been pushing on with the work and the stopping of the work at this juncture will cause inconvenience to all the parties concerned. I therefore request you to be so good as to obtain the very early sanction of Govt. to the modified estimate and in the mean-time to request the Chief Engineer to instruct the Executive Engineer to proceed with the construction of the building.

Yours sincerely,
